PROFESSIONALS

## MEDI-AESTHETIC SOLUTIONS LABORATORY

Technological innovations  
Scientific advances  
Product efficiency  
100% transparency

[www.celestetic.co.uk](http://www.celestetic.co.uk)

NO MIRACLES, JUST SCIENCE.

# MISSION & COMMITMENTS

To provide **high quality and effective professional skin solutions** that combine the latest technological innovations with scientific advances.

## WHY CHOOSE CELESTETIC. ?

We started from the realisation that today's beauty and aesthetic market is saturated with attractive, but often non-serious offers. In the midst of gadgets, untested and non-compliant devices, products containing inactive ingredients and sometimes irritating for the skin, **celestetic. brings a reliable solution to the demands of aesthetic professionals.**

**celestetic.** was born out of a vision to develop a brand of truly effective anti-ageing and beauty treatments and technologies for the face and body.

This is why we have developed a **science-based aesthetic approach.**

An approach that consists of acting on the signs of aging and skin imperfections through a series of **non-surgical and non-invasive techniques, all inspired by aesthetic medicine.**

Giving the skin everything it needs to regenerate its cells, stimulate its functioning and preserve its natural balance.

These techniques (peeling, mesotherapy, micro-needling, photo-biomodulation,...) have been studied as they were developed, and numerous independent scientific studies have proven their effectiveness. **In addition, we offer our clients the support and follow-up necessary to ensure perfect mastery of these techniques and visible results on their clients.**

## OUR COMMITMENTS

### [1] QUALITY

All **celestetic.** products are produced according to **ISO 9001:2015 quality management system**, the most strict production standard for cosmetic products, which ensures high quality and safety.

### [2] EFFICACY

The combination of techniques inspired by aesthetic medicine and products with high concentrations of active ingredients whose effectiveness has been proven by science, makes it possible to obtain visible and lasting results.

### [3] TRANSPARENCY

The active ingredients used and their concentration in the products are clearly indicated to know the potential of each formula. We have nothing to hide.

### [4] CUSTOMISATION

Because every skin is unique, all our treatments are fully customisable to suit every skin type, treating all skin problems for every budget to satisfy all your customers.

### [5] SUPPORT

We don't have customers, we have partners. Our team of professionals is dedicated to supporting you in both training and business development. We grow together with our partners.

## CARE

Because every skin is unique, **celestetic.** offers a high quality and truly effective custom-made solution based on scientific research.

# PROFESSIONAL COSMECEUTICALS

A must-have to complete your cabin treatments, our products participate in the repair and regeneration of the skin in depth thanks to their high concentration of active ingredients.

500 ml

## MICELLAR CLEAN

**PRO**

### Make-up remover

This powerful micellar make-up remover solution removes make-up effortlessly and gently, even the most stubborn waterproof make-up!

#### INDICATIONS

- > All skin types
- > Hydrating
- > Also suitable for eyes and lips

#### ACTIVES

- > Panthenol (Vit. B5)
- > Niacinamide (Vit. B3)
- > Hyaluronic Acid
- > Aloe Vera
- > Cucumber

500 ml

## SOFT CLEAN

**PRO**

### Gentle cleansing milk

Thanks to its active ingredients and its extremely soft texture, it eliminates dead cells from the epidermis while providing the skin comfort and soothing.

#### INDICATIONS

- > Dry skin
- > Sensitive skin
- > Acne-prone skin
- > Inflammation

#### ACTIVES

- > Panthenol (Vit. B5)
- > Niacinamide (Vit. B3)
- > Kaolin (White Clay)
- > Centella Asiatica
- > Precious Oils

200 ml

## EXFO SCRUB

**PRO**

### Exfoliating scrub

Its plum grains gently exfoliate impurities from the skin to prepare it to receive professional treatments.

#### INDICATIONS

- > All skin types
- > Gently exfoliates impurities from the skin
- > Unclogs pores

#### ACTIVES

- > Niacinamide (Vit. B3)
- > Cherry Blossom

200 ml

## HYDRA MIST

**PRO**

### Pre & Post Care lotion mist

This advanced mist treatment offers a triple action: it deeply moisturizes, calms and soothes sensitive or sensitized skin and boosts collagen production, thanks to its anti-aging properties.

#### INDICATIONS

- > All skin types
- > Moisturizing
- > Soothing
- > Anti-aging
- > Collagen activator

#### ACTIVES

- > Panthenol (Vit. B5)
- > Hyaluronic Acid
- > Saccharide Isomerate
- > Niacinamide (Vit. B3)
- > Peptides

They allow you to prepare the skin before the treatment or to complete your care session in an optimal way in order to maximise the benefits.

**ACTIVES**

- > Peptides
- > Caffeine
- > Hyaluronic Acid
- > Marine Complex (Plankton)
- > Carnitine, Escin & Ivy

**INDICATIONS**

- > Reduces the visibility of dark circles and capillaries
- > Moisturizes the eye contour area
- > Restores radiance to the eyes

**EYE PERFECT PRO****Eye contour serum**

This serum stimulates microcirculation to reduce dark circles and puffiness. It restores firmness and smoothes the eye contour.

30 ml

**ACTIVES**

- > EGF (or Epidermal Growth Factor)
- > Copper Tripeptides
- > Hyaluronic Acid
- > Niacinamide (Vit. B3)

**INDICATIONS**

- > Ideal for post-peeling, microneedling and dermabrasion
- > Acts against visible and invisible signs of skin aging

**EGF PERFECT PRO****Regenerating anti-aging serum**

This serum with Hyaluronic Acid and Epidermal Growth Factors (EGF) is ideal after a professional treatment. It penetrates deeply to stimulate collagen production and cell repair.

200 ml

**ACTIVES**

- > Niacinamide (Vit. B3)
- > Vitamin C
- > Vitamin E
- > Tranexamic Acid
- > β-Glucan

**INDICATIONS**

- > All skin types
- > Wrinkles
- > Spots
- > Imperfections

**ULTIMATE PROTECT PRO****Protective day cream SPF 30**

Protects the skin not only from the sun but also from daily aggressions (stress, pollution, free radicals...). Exerts a global repairing action on the skin, thanks to probiotics and micro algae rich in amino acids.

200 ml

**ACTIVES**

- > Hyaluronic Acid
- > Collagen
- > Silymarin

**INDICATIONS**

- > Sensitized skin
- > Soothes redness, irritations, burning sensations
- > Prepares the skin and repairs damage caused by the sun and UV rays

**HYDRA REPAIR PRO****Moisturizing and repairing cream & soothing**

This body cream offers deep moisturizing with a soothing effect. It relieves the skin instantly.

500 ml

# PEEL 2.0

## HOW IT WORKS

Depending on the fruit acids used, the benefits will be different.

Together, they act in two stages to be less aggressive:

- > In the 1<sup>st</sup> stage, the acids with fast penetration exfoliate the most external layers of the skin. They neutralize themselves automatically and do not penetrate deeply.
- > In a 2<sup>nd</sup> stage, the slow penetration acids gently reach the deeper layers of the epidermis.

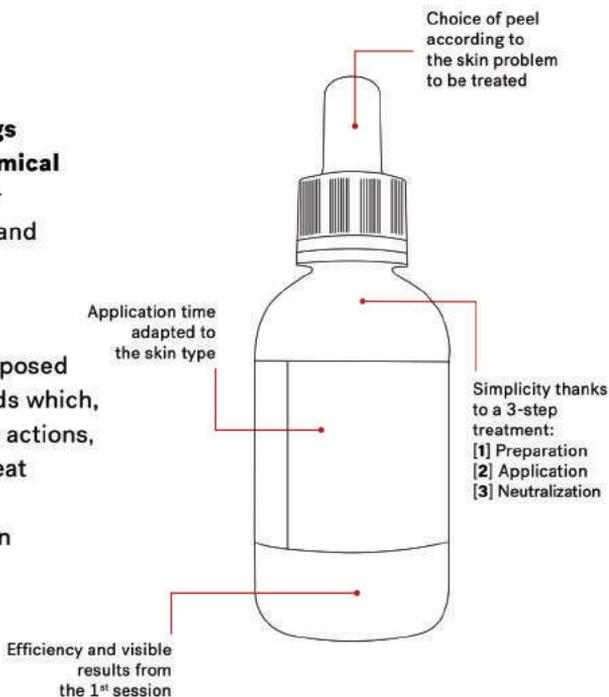

## TREATMENT AREAS

The **PEELS 2.0** are composed of different sorts of acids which, by their complementary actions act in synergy to treat all skin indications and skin imperfections, in an effective way.

- [1] You identify the different skin indications and skin type.
- [2] You define the different areas of the face of the face to be treated.
- [3] You apply the solution adapted to the problems of each area.

Our **Superficial Peelings** act by a **controlled chemical exfoliation** of the upper layers of the epidermis and thus induce a powerful cellular renewal.

The **PEELS 2.0** are composed of different types of acids which, by their complementary actions, will act **in synergy** to treat all the indications and imperfections of the skin in an effective way.

## RESULTS

According to the formula used, **PEEL 2.0** acts on:

- > Improves **the appearance of the skin**, for a **smoother skin texture** and a **more radiant complexion**.
- > Eliminates **impurities** (pimples, blackheads, blackheads). It also tightens and cleanses pores.
- > Reduces **skin imperfections** (irregularities, pigment spots, scars, stretch marks).
- > Helps to regenerate the epidermis and repair the **skin barrier** (couperose and redness).
- > Fight effectively against the **signs of age** (wrinkles, fine lines, spots, loss of firmness).

Visible results from the 1st session with **WHITENING PEEL** (unified complexion, reduction of spots, smoothed skin texture, plumped up fine lines).

## HOW IT WORKS

**C-EM** are highly dosed in Hyaluronic Acid and other active ingredients whose the effectiveness of which on the skin proven by science.

- › **Immediate effect:** thanks to the high concentration of Hyaluronic Acid, the customer can immediately see the effects of the treatment on her skin, which is visibly smoother and plumper.
- › **Long-term effect:** gradually, the effects of the Hyaluronic Acid give way to the effects of the other active ingredients contained in the serum. These targeted active ingredients then attack the targeted problems and remain visible for several months.

## TREATMENT AREAS

Face – Eye contour – Neck & Décolleté –  
Hands – Hair – Body

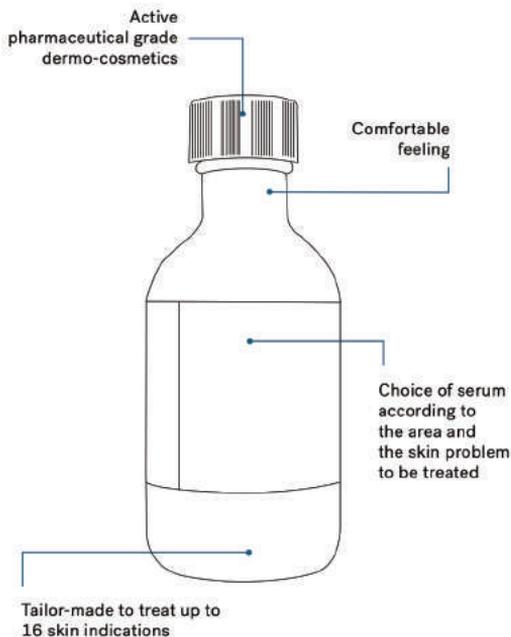

**C-EM** can be used on all skin types and on both men and women.

They treat up to **16 skin indications**, including:

- |   |  |
|---|--|
| [1] Dull complexion                           | [9] Uneven skin tone and hyperpigmentation |
| [2] Dryness and dehydration                   | [10] Inflammation                          |
| [3] Fine lines, deep wrinkles and crow's feet | [11] Scars                                 |
| [4] Sagging skin                              | [12] Stretch marks                         |
| [5] Redness, irritation and itching           | [13] Dark circles                          |
| [6] Blackheads                                | [14] Puffiness                             |
| [7] Excess sebum                              | [15] Cellulite                             |
| [8] Pimples and blackhead                     | [16] Loss of hair and hair mass            |

In order to offer both visible and long-lasting results, the **C-EM** serum range has been developed for use with the latest **Mesotherapy** technologies such as electroporation or electrical microneedling.

Our professional serums have the singularity of having a **Hyaluronic Acid** base with **three different molecular weights**, for an immediate anti-ageing and hydrating effect.

## RESULTS

Stimulates the natural production of collagen and elastin.

### Improved overall skin appearance

- Smoother, more hydrated skin
- Plumped and firmed skin
- Brighter skin tone
- Tightened pores

### Reduced blemishes

- Reduction in hyperpigmentation
- Reduction of wrinkles
- Reduction of scars (incl. post-acne)
- Reduction of stretch marks

### Targeted correction of specific areas

- Improvement of the eye area
- Reduction of deposits and orange peel skin
- Stimulation of hair growth

Visible results after 2 months, following a 2-session treatment with **PURE CLEAN**.

BODY

# CEL.MASK

## HOW IT WORKS

It binds to your skin's pores to intensely moisturise them, in perfect symbiosis with your skin. This occlusion effect will induce, under the action of the body heat, the opening of the pores of the skin which will allow the skin to absorb 10x more serum than with a fabric mask.

Minimum evaporation, maximum absorption! The strength of **Bio-Cellulose** is that each gram can contain up to **100 times its weight**. In fact, on average, each gram of a **Bio-Cellulose** mask contains 30% more serum than a normal mask.

During this two-way process, the active ingredients are absorbed into the skin, while allowing the skin to breathe.

## ADVANCED MEDICAL TECHNOLOGY

### [1] ABSORPTION

Offers the highest level of absorption of active ingredients, melting into the pores like a "second skin".

### [2] DURATION

It takes only 20 minutes for the serum to calm and hydrate the skin.

### [3] INFUSION

Up to 20% targeted active ingredients for **Post-treatment** and **Microneedling**.

**CEL.MASK** is a translucent "second skin" Bio-Cellulose mask, highly concentrated in active ingredients.

**5% Peptides**

+ Ideal for skin repairing, strengthening, calming and rejuvenating (wrinkles and firmness)

**3% Probiotic Complex**

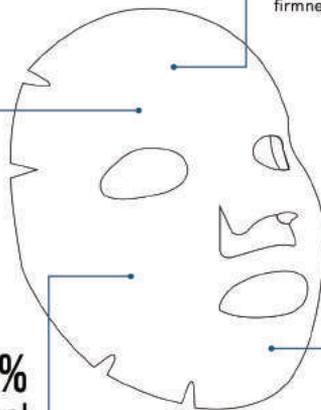

+ Ideal for moisturising, soothing and boosting collagen (wrinkle repair)

**0,1% Resveratrol**

+ Ideal for rejuvenation, also to strengthen and calm the skin

**0,8% Hyaluronic Acid**

+ Ideal for moisturising, strengthening, plumping and regenerating the skin

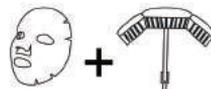

## CEL.MASK

An anti-ageing, moisturising & plumping solution

20ml  
5 masks / box

## COMPLEMENTARY

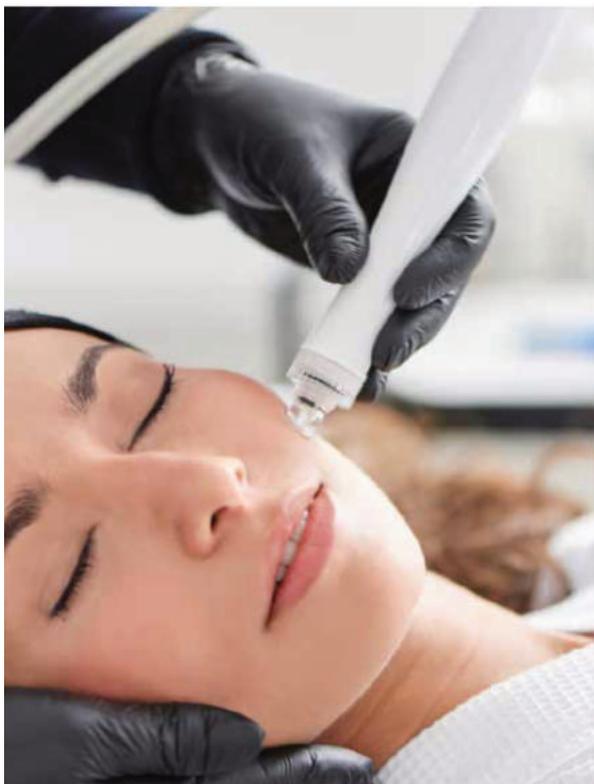

Specially designed to work under the LED.

**CEL.MASK** reinforces and improves the results of **phototherapy** by providing essential active ingredients, while letting the light through.

The **BioLed (P.30-31)** increases the absorption of the active ingredients and encourages deep absorption. The energised cells thus optimise the use of the active ingredients and their benefits.

# AQUAPEEL II

## TECHNICAL INFORMATION

<b>VOLTAGE</b>	50/60 Hz
<b>POWER</b>	< 350 VA
<b>TIPS (x2)</b>	FL5X20/3. 15 A
<b>HANDLE</b>	Ergonomic and easy to handle, in pen form
<b>CONTAINERS SOLUTIONS</b>	3x250 ml
<b>LCD SCREEN</b>	8" touch screen
<b>INTENSITY SETTING</b>	2 action wheels for suction and liquid flow settings

## TREATMENT AREAS

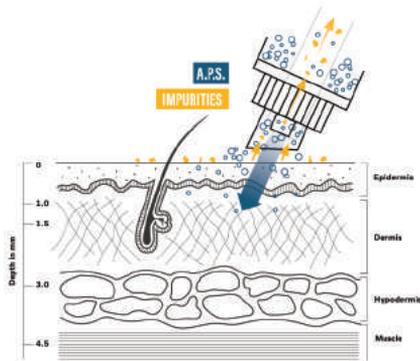

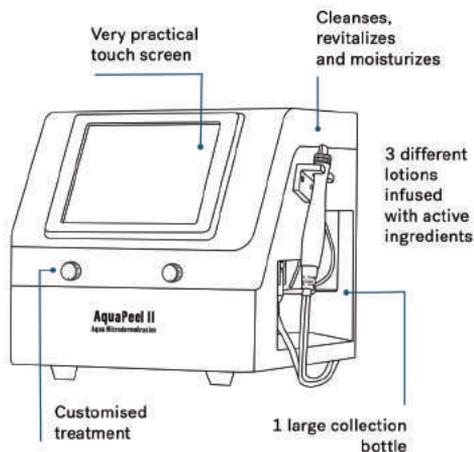

Face & neck

## RESULTS

- > Deeply cleansed skin
- > Moisturized and toned skin
- > Unified and luminous complexion
- > Tightens skin texture
- > Feeling of freshness
- > Reduced wrinkles and fine lines
- > Improved microcirculation

# HYDROMICRODERMABRASION

**AquaPeel II** for Hydromicrodermabrasion is a non-invasive cleansing, moisturising and revitalising device for the skin. Ideal as a first step in skin care, it combines cleansing, hydration, oxygenation, microcirculation and antioxidant protection of the skin.

## HOW IT WORKS

A microbubble-based suction system provides deep cleansing by exfoliating and extracting impurities, dead skin, keratin residues trapped in hair follicles, blackheads and comedones.

### A.P.S. PURE

An ideal solution with Vitamin B3 to purify problematic and acne-prone skin.

### A.P.S. DETOX

An ideal solution with Glycolic Acid to clear the skin of accumulated toxins and encrusted pollution.

### A.P.S. AOX

An ideal solution with Vitamin C to revive skin that has been damaged by the sun and daily stress. Restores radiance to dull complexions.

Deep cleansing and infusion of active ingredients. Visible results from the first session.

Below, following a treatment of 2 sessions, **A.P.S. PURE** in combination with **PURE PEEL** and **PURE CLEAN**.

BEFORE

AFTER

# C - PEN II

## HOW IT WORKS

### [1] BIOPHYSICAL STIMULATION

**Microneedling** creates multiple micro-perforations in the skin. These are tiny wounds, invisible to the naked eye. The process of cell regeneration then begins.

### [2] CELLULAR REGENERATION

A healing process ensues, which allows a natural activation of the synthesis of collagen and elastin fibres.

### [3] CHEMICAL STIMULATION

Thanks to micro-channels created by the microneedling mechanism, the skin absorbs the active ingredients contained in the serum much more easily and penetrates much more deeply.

## TREATMENT AREAS

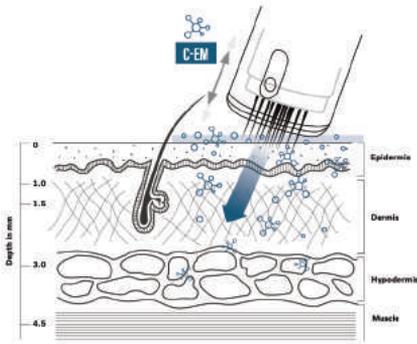

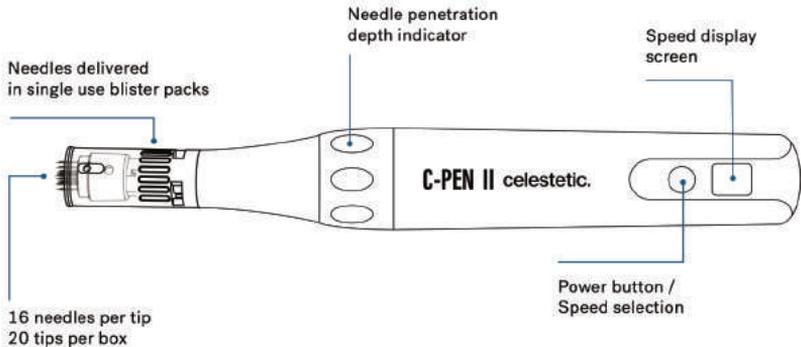

Face - Neck - Hands - Scars - Stretch marks - Hair - Body - Cellulite

The **C-PEN II** allows you to adjust the length of the needles and therefore the depth of penetration with 6 different penetration speeds.

**This stimulation of the components of the dermis allows to initiate skin renewal, to reduce wrinkles, to reinforce the firmness of the skin and to reduce imperfections.**

Automatic, adjustable, light and handy, it allows you to obtain excellent results and to treat a multitude of skin indications.

## C-Pen II, collagen induction treatment

### TECHNICAL INFORMATION

POWER SUPPLY	110-240 V
ALIMENTATION	AC 220 V
SPEED	6 different speeds
USAGE	Mains powered or wireless
PENETRATION DEPTH	0 to 2,5 mm

### RESULTS

- > Improved overall skin appearance
- > Tightened pores
- > Reduction of scars (incl. post-acne)
- > Reduction of stretch marks
- > Smoother and firmer skin
- > Reduction in blemishes
- > Reduction of hyperpigmentation
- > Hair growth

Visible results from the 1<sup>st</sup> session.  
Here below, after 3 sessions spread over 3 months  
with AOX REPAIR and EGF REGEN serum.

BEFORE

AFTER

# MESOPLUS

## TECHNICAL INFORMATION

<b>TECHNOLOGIES</b>	Multipolar RF + Electroporation
<b>FREQUENCY</b>	40.68/50 Hz
<b>POWER</b>	50 W
<b>TEMPERATURES</b>	from -10°C to +40°C
<b>ALIMENTATION</b>	Input AC 100~220V Output DC 15V /2A
<b>WEIGHT</b>	2 kg
<b>SIZE</b>	32 x 19 x 9 cm

## TREATMENT AREAS

Face - Neck & Décolleté - Body

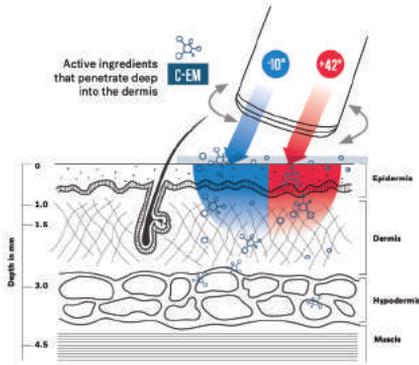

**Electromesotherapy** is ideal as a complement to other treatments such as:

- > Dermabrasion
- > Peeling
- > Microneedling
- > Radiofrequency
- > LED therapy
- > Focused Ultrasounds

# ELECTROPORATION

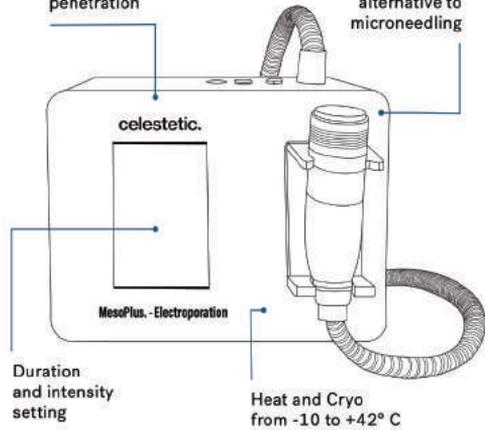

**MesoPlus** for electrotherapy allows a high concentration of active ingredients to penetrate the skin to achieve different beneficial effects.

For example, it stimulates fibroblasts to produce more collagen and elastin, resulting in brighter, firmer skin with fewer wrinkles and blemishes.

Up to 80% higher actives penetration

Needle-free alternative to microneedling

Duration and intensity setting

Heat and Cryo from -10 to +42° C

## HOW IT WORKS

Thanks to gentle electrical impulses, multiple micro-channels will form in the cell membranes, creating a temporary and reversible permeability and favouring the deep penetration of the active ingredients inside the cells. When the pulse stops, the cells return to their original structure.

## RESULTS

- > Improved overall skin appearance
- > Tightened pores
- > Smoother, firmer skin
- > Reduction of imperfections
- > Stimulates collagen and elastin production
- > Densifies and plumps the skin
- > Regenerates new, healthier skin
- > Acts against wrinkles

Results after 3 sessions spread over 6 weeks with the **HYPER PIGMENT** and the **EYE PERFECT**.

BEFORE

AFTER

# UPSKIN II

## TECHNICAL INFORMATION

<b>FREQUENCY</b>	5 MHz
<b>POWER</b>	< 80 W
<b>3 TREATMENT HEADS</b>	<b>Large:</b> arms, body and neck <b>Medium:</b> face <b>Small:</b> eye area
<b>2 PULSE MODES</b>	Automatic or manual
<b>WAVELENGTH</b>	650 nm
<b>SIZE</b>	46 x 32 x 100 cm

## TREATMENT AREAS

All areas requiring:

- > Skin firming, in order to work on sagging skin, as well as the installation of wrinkles (incipient and deep) and the sun wrinkles
- > Body contouring and reduction of the orange peel appearance

**Small :** Eye and eyelid contours - Mouth contours

**Medium:** Face - Chin - Oval of the face & cheeks - Neck & décolleté

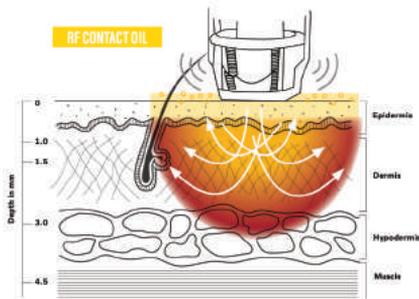

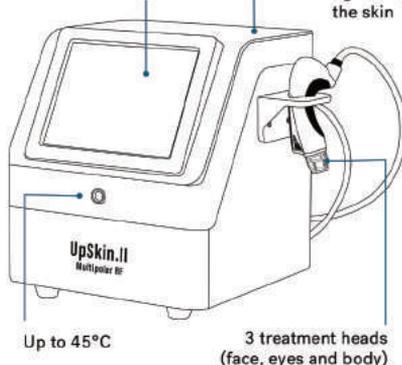

**Large:** Body (arms, abdomen, etc.) - Cellulite & stretch marks - Post-liposuction areas

# MULTIPOLAR RADIOFREQUENCY

**UpSkin II, for Multipolar Radiofrequency**, is a non-invasive treatment that consists of causing temporary micro-injuries, generating a heating of the dermis. This increase in subcutaneous temperature significantly stimulates the production of **new collagen and elastin fibres** by the fibroblasts, thus improving the **elasticity, firmness** and overall appearance of the skin.

Acts against wrinkles, sagging skin, cellulite and stretch marks

Anti-ageing treatment effective in tightening the skin

## HOW IT WORKS

Physical biostimulation with **Electromagnetic waves**. The electrical energy is transformed into heat in the human body between **40 and 45°C** at the surface (which corresponds to 52 to 62°C in the dermis). This heat will cause an immediate contraction and retraction of the collagen fibres, which will then be stimulated to produce new ones.

## RESULTS

- > Reduction of wrinkles
- > Lifting effect with firmed and tightened skin
- > Overall improvement in skin texture
- > Reduction in sebum production
- > Improvement of microcirculation
- > Visible reduction in cellulite and the appearance of stretch marks
- > Improved skin elasticity for up to 12 weeks after treatment
- > Double chin is reduced by up to 50% on average
- > Significant reduction in waist circumference up to 4.6 cm on average

Visible results after 3 months, following a treatment of 6 sessions spread over 15 days.

BEFORE

AFTER

# BIOLED

## TECHNICAL INFORMATION

<b>WAVELENGTH</b>	Blue: 490 nm Red: 625 nm Infrared (IR): 830 nm
<b>POWER</b>	Blue: 120 mW Red: 120 mW Infrared (IR): 120 mW
<b>MODES</b>	Pulsed (10 Hz) Continuous (110 Hz)
<b>TREATMENT SURFACE</b>	20 to 50 cm (0,1 m <sup>2</sup> )
<b>NUMBER OF LEDES</b>	1520 LEDES - 460 x 3 colours
<b>TREATMENT DURATION</b>	15 to 25 minutes
<b>WEIGHT</b>	25 kg
<b>SIZE</b>	45 x 32 x 92 cm

## TREATMENT AREAS

- > All areas that require skin tightening
- > Face & eyes
- > Contour of the mouth
- > Deep or newly formed wrinkles
- > Sagging skin
- > Body (cellulite & stretch marks)

# PHOTOBIMODULATION

## THE DIFFERENT LIGHTS

### BLUE LED ANTIBACTERIAL

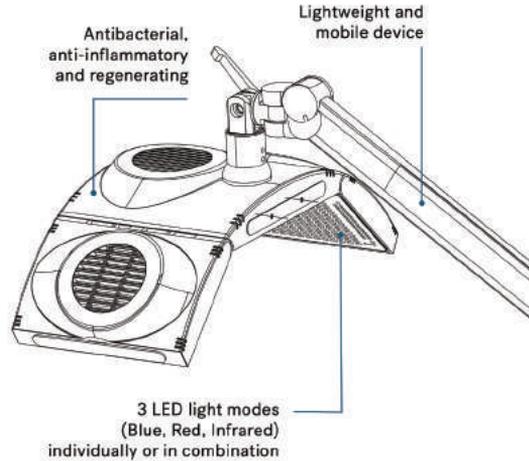

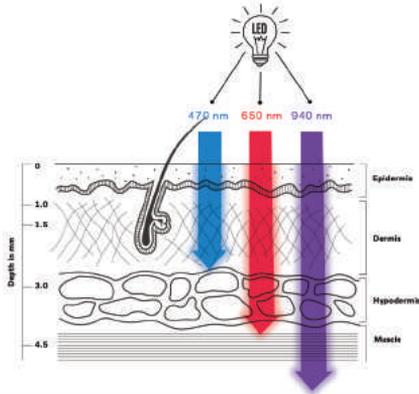

Regulates sebum production, destroys and disinfects *p. acne* bacteria - Reduces inflammation and redness - Treats eczema, couperose, rosacea and psoriasis.

### RED LED REGENERATING

Anti-ageing - Stimulates fibroblasts (collagen and elastin) - Smooths wrinkles - Firms and tightens the skin - Brightens spots - Tightens pores - Activates circulation - Repairs and regenerates tissue.

### INFRARED LED ANTI-INFLAMMATORY

Stimulates blood circulation and increases cell oxygenation - Promotes healing, tissue repair and hair growth.

## HOW IT WORKS

Mitochondria at the heart of each cell convert **LED light** into cellular energy (ATP). Used alone or as a combined treatment, **BioLed** is characterised by 3 complementary actions, with different penetration depths. It thus boosts the effects of different treatments and minimises post-peel redness.

## RESULTS

Depending on the light used:

- > Reduces the flaking period of peels by 55%
- > Reduces blemishes on acne-prone skin by 50% and matifies oily skin in just 2 sessions
- > Reduces redness and chronic inflammation
- > Increases hair density by 25% and accelerates hair growth by 39% after 10 sessions
- > Fights stretch marks and cellulite
- > Promotes tissue regeneration and repair, and fading scars

Results after 6 sessions of 20 minutes (IR and Red light) spread over 4 weeks.

## CARE

**celestetic.** was born out of a vision to develop a brand of truly effective beauty and anti-ageing treatments and technologies for the face and body.

# COSMECEUTICALS

## OUR PRODUCTS

Because each skin is unique, we respond to all needs with a range of products for the face and body. Different cleansers, serums and creams will allow everyone to build their OWN SPECIFIC ROUTINE.

**Cosmeceutics** is **active cosmetology**, i.e. with high concentration of active ingredients. It is inspired by medicine and dermatology by using effective ingredients that have a real biological effect on the skin cells.

## OUR APPROACH

To create truly effective products with visible results, thanks to the synergy of powerful active ingredients.

## [1] SCIENTIFICALLY PROVEN EFFICACY

**celestetic.** uses only the most powerful active ingredients whose effectiveness has been proven and confirmed by independent scientific studies.

## [2] HIGH CONCENTRATION OF ACTIVE INGREDIENTS

**celestetic.** uses pharmaceutical grade materials and high concentrations of active ingredients to achieve the best result that modern science can offer.

## [3] VISIBLE AND LONG-LASTING RESULTS

**celestetic.** creates powerful solutions for long-term visible results. Repairing, strengthening and protecting the skin becomes easy with celestetic. care and the synergy of the ingredients used on the skin.

# BEAUTY ROUTINE

A **beauty routine** can only be effective if it is tailored to your skin and repeated **every morning and evening for 2 to 3 months** to achieve optimum effect and visible results.

Although the **regular application** of the routine is essential for seeing results, the **active ingredients** contained by the treatments you choose, must also **be suited to your needs and your skin type**.

To prevent or treat the appearance of imperfections, we have included the **essential steps** you need to follow each day to have a healthy and radiant skin.

## MY CELESTETIC ACCOUNT

---

If you are looking to upgrade your skincare range and convert over your skills and knowledge to our brand, after purchasing our products you will gain access to our online portal where you can access protocols, treatment videos, product protocols, training manuals, consultation and medical history forms and your consent forms.

You will receive a conversion course certification once completed the modules, this includes CPD points.

We work with mobile therapists, beauty salons, colleges, training schools clinics, nurses and doctors.

## IN PERSON TRAINING

---

Our face to face training is for those that require hands on practical training in skin peels, microneedling, dermaplaning and more clinical facials.

We have a great choice of kits available to purchase.

Are you course accredited for insurance?

All our courses are accredited for insurance, we do partner with ABT, Insync, PolicyBee and Westminster.

## HOW CAN I ORDER?

---

You can order via our website

**[www.celestetic.co.uk](http://www.celestetic.co.uk)**.

Apply for your professional account to be able purchase all our professional products and unlock your retail discount.

## MINIMUM ORDER

---

We don't have a minimum order, making it more flexible for you to buy as little of as much as you require.

# PLATINUM STARTER KIT, INCLUDES FOC ONLINE TRAINING

---

**£425 (Peel kits value £550)**

- Prep Solution
- Neutralizing Solution
- 500ml Micellar Clean
- 500ml Soft Cleanse
- 200ml Hydra Mist
- 50ml Skin Peel; Pure Peel
- 50ml Skin Peel; Anti Ageing
- 50ml Skin Peels; Hydra
- 50ml Skin Peels; Whitening
- 50ml Skin Peels; Flash C
- 50ml Ha Perfect Serum
- 200ml Ultimate Protect SPF30 Day Cream
- Peel Dish
- Peel Brush
- Pack of soft Gauze
- Aprons

Also includes consultation forms, consent forms, protocols, treatment plan, videos.

This potential ROI is approximate dependant on pricing and how you utilise your kit. ROI based on 60 treatments at £60 is £3600.

**Your investment will be made back in 6 treatments.**

# IN PERSON CHEMICAL PEEL TRAINING

---

**£250**

- Full day course
- Entry requirement level 2 (insurance dependant) Level 3 and above
- Get CPD certified the same day or upskill and complete your Ofqual Level 4
- Small class sizes
- Finance available with Klarna and Clearpay
- All training is with the Celestetic brand
- Brand loyalty discount 20% off all products on the day of your training and a free gift / no min spend
- Celestetic aftercare and business support
- Access to our online portal to access protocols, consent forms
- Printed peel manual to take home
- Product & practical knowledge gained on your course
- Aftercare support on group on social media
- Business manager available

Please be aware this class is based in Barnsley, South Yorkshire.

# DERMAPLANING KIT

---

**£320 (Value £400)**

- Online portal on our guide to the Dermaplaning service
  - Access to resources and treatment demos
  - Retail and professional product knowledge manual
- 
- |                         |   |

# CELESTETIC MICRONEEDLING CPEN II KIT

---

£690 (Value £970)

## Microneedling kit package includes:

- Online training course portal

### Pre treatment

- 500ml Soft Clean
- 200ml Pure Foamer
- 200ml Exfoscrub
- 200ml Pure Tonic
- 200ml prep Solution

### Microneedling treatment

- Wireless / wired microneedling device (2 free cartridges)
- 20 x 16 pin cartridges
- 3 x Btx Meso Cocktail
- 3 x Eye Perfect Meso Cocktail
- 3 x EGF Regen Meso Cocktail
- 3 x Hyper Pigment Meso Cocktail
- 3 x Acne Clean Meso Cocktail

### Post treatment

- Radiance mask
- 4 x Cel mask
- Celestetic brush
- 50ml DNA Protect SPF 50

Downloadable protocols, consent forms, videos.

The potential ROI depending on pricing and you utilise your kit.  
ROI based on 20 treatments at £100 is £2000.

**Making your investment back in 7 treatments.**

# IN PERSON TRAINING

---

**£250 (10am - 4pm)**

- Full day course
- Entry requirement level 2 (insurance dependant) Level 3 and above
- Get CPD certificated the same day or upskill and complete your Ofqual Level 4
- Small class sizes
- Finance available with Klarna and Clearpay
- All training is with the Celestetic brand
- Brand loyalty discount 20% off all products on the day of your training and a free gift / no min spend
- Celestetic aftercare and business support
- Access to our online portal to access protocols, consent forms
- Printed microneedling manual to take home
- Product & practical knowledge gained on your course
- Aftercare support on group on social media
- Business manager available

Please be aware this class is based in Barnsley, South Yorkshire.
